Kingston Park Primary Academy is a high performing school with a highly inclusive ethos. We believe that, through the pursuit of excellence, every child can achieve great things. Our curriculum is skills based and designed to promote learning that is active, engaging and child-led. We view the teaching and learning process as a partnership between the school, pupils and their parents.

As a school, we place great importance on the development of every child both academically, socially and emotionally. We aim to provide a wide range of learning experiences both within the classroom and beyond which will promote a lifelong love of learning and enable our children to become independent, forward thinking and socially responsible citizens of the future.

As a forward thinking organisation, we willingly embrace change and constantly strive to develop innovative practice. This is supported by our strong commitment to collaborative working with other academies in the partnership and beyond.
